SWAGING MACHINES

RAS 11.15
RAS 11.35

The compact and versatile RAS swaging machines are ideal for the workshop as well as the construction site. They are ready for all applications with the 9 sets of standard wheels.

On the RAS 11.35, the speed can be steplessly adjusted using a poti on the machine stand. Experienced operators choose higher speeds, less trained people prefer the slower speed range. With the foot switch the set speed can be recalled and the rotation of the rolls can be changed for Left-Right-Run.

9 pairs of wheels included

2 speed ranges for high productivity and sensitive forming

Swaging wheels

	RAS 11.15 (manual)	RAS 11.35 (motor driven)
SHEET THICKNESS MAX.	1.25 mm	1.25 mm
WHEEL CENTER DISTANCE	50 mm	50 mm
WORKING DEPTH MAX.	200 mm	400 mm

RAS REINHARDT MASCHINENBAU

The company

RAS is proud to manufacture and distribute high-quality premium sheet metal fabrication products. Our expertise runs the gamut of developing groundbreaking solutions that help our customers achieve their goals.

At RAS, we firmly believe in the importance of first-class advice and expertise. Our mission statement is to treat each customer as if they were the only one, because we value each customer's individual needs and requirements.

What sets us apart at RAS is our commitment to setting the highest standards for our own business. We demand continuous excellence from ourselves and strive to exceed our customers' expectations. With over 200 attractive and safe workplaces, we offer not only first-class products, but also a supportive working environment for our employees.

Our focus is on identifying and developing our strengths. At RAS, we understand that continuous improvement is the key to success. As a family business, we build on mutual trust, both within our company and in our relationship with customers and partners. We focus on maximum vertical integration and consistently high quality in all our products—in line with the "Made in Germany" label.
